
Smernice za kreiranje dobrog dizajna

Pravila

1. Koristite razmak za grupisanje povezanih elemenata
2. Budite dosledni
3. Uverite se da elementi sličnog izgleda funkcionišu slično
4. Napravite jasnu vizuelnu hijerarhiju
5. Uklonite nepotrebne stilove
6. Namerno koristite boju
7. Uverite se da elementi interfejsa imaju odnos kontrasta 3:1
8. Uverite se da tekst ima odnos kontrasta 4.5:1
9. Ne oslanjajte se samo na boju kao indikator
10. Koristite jedno pismo bez serifa
11. Koristite font sa višim malim slovima
12. Ograničite upotrebu velikih slova
13. Koristite samo obične i podebljane težine fonta
14. Izbegavajte čisto crni tekst
15. Poravnajte tekst levo
16. Koristite visinu od najmanje 1.5 reda za osnovni tekst

Mountain retreat

Snowy Peaks, NSW, Australia

★★★★★ 5.0 (38 reviews)

House

2

Koristite razmak za grupisanje povezanih elemenata

- Razbijanje informacija u manje grupe povezanih elemenata pomaže u strukturiranju i organizovanju interfejsa
 - Brže i lakše razumevanje i pamćenje
- Metode za grupisanje
 - postaviti povezane elemente u isti kontejner
 - povezane elemente postaviti blizu jedan drugom
 - neka povezani elementi izgledaju slično
 - poravnjajte povezane elemente u kontinuiranu liniju

Koristite razmak za grupisanje povezanih elemenata

- Kontejneri daju najjači vizuelni znak za grupisanje elemenata interfejsa, ali mogu stvoriti neoptrebni nered.
- Korišćenje razmaka je veoma efikasan i jednostavan način za grupisanje povezanih elemenata. Možete kombinovati metode grupisanja kako biste jasnije prikazali grupisanje

Nedostatak prostora između sadržaja čini da dizajn izgleda pretrpan i težak za razumevanje. Povećanje razmaka pomaže da se jasno grupiše sadržaj, čineći ga organizovanijim i lakšim za razumevanje.

Budite konzistentni

- Konzistencija podrazumeva da slični elementi izgledaju i rade na sličan način
 - Poboljšava upotrebljivost i smanjuje greške, jer korisnici ne moraju da uče kako stvari funkcionišu

Budite konzistentni

- Stilovi ikonica su nedosledni, jer su neki popunjeni a drugi nisu. Ovo bi moglo da zbuni neke korisnike, jer popunjene ikone često ukazuju na to da je element izabran.
- Tekstualne oznake se takođe dodaju ikonicama kako bi se osiguralno da korisnici razumeju šta misle, posebno oni koji koriste čitače ekrana.

Obezbediti da elementi sličnog izgleda funkcionišu slično

- Ako elementi izgledaju slično, korisnici će očekivati da rade na sličan način
 - Pokušajte da budete sigurni da koristite dosledan vizuelni tretman za elemente sa istom funkcionalnošću
- Pokušajte da obezbedite da elementi sa različitim funkcijama izgledaju drugačije

Kontejneri ikonica imaju sličan vizuelni stil kao dugme "Book now". Ovo ih čini interaktivnim iako nisu. Uklanjanje plave boje i stila dugmadi sa ikonica pomaže da se izbegne da ih pomešaju sa interaktivnim elementima.

Napravite jasnu vizuelnu hijerarhiju

- Nemaju sve informacije u interfejsu isti nivo važnosti. Cilj je da predstavite informacije po važnosti tako što ćete učiniti da važniji elementi izgledaju istaknutije.
- Jasan redosred važnosti ili vizuelna hijerarhija, pomaže ljudima da brzo skeniraju informacije i fokusiraju se na oblasti od interesa.
 - Poboljšava estetiku stvarajući osećaj reda
 - Može se kreirati koristeći varijacije u veličini, boji, kontrastu, razmaku, položaju i dubini
- *Test:*
 - *The Squint Test* - lak i jednostavan način da proverite da li je vaša vizuelna hijerarhija jasna
 - Zaškiljite oči i pogledajte svoj dizajn, ili se udaljite od ekrana, ili zamutite svoj dizajn
 - Trebalo bi da budete u stanju da kažete koji su najvažniji elementi i da prepoznate čemu služi interfejs

Primarna radnja bi trebalo da bude najistaknutiji element na interfejsu. Visok kontrast boja pozadine i podebljan font slova može da pomogne u postizanju željenog efekta.

Ukloniti nepotrebne stilove

- Nepotrebne informacije i vizuelni stilovi mogu da ometaju pažnju i mogu povećati kognitivno opterećenje
- Izbegavajte nepotrebne linije, boje, pozadine i animacije kako biste napravili jednostavniji, fokusirаниji interfejs.

Namerno koristite boju

- Boju koristite štedljivo i namenski
 - Izbegavajte upotrebu boja isključivo za dekoraciju, jer može zbuniti i ometati
 - *Praksa:* počnite sa crno-belim i onda dodajte boju tamo gde ona prenosi značenje
- Jednostavan i efikasan pristup je primena boje brenda na interaktivne elemente kao što su linkovi i dugmad
 - Pomaže korisnicima da nauče šta je interaktivno, a šta nije
 - Izbegavajte korišćenje boje brenda na neinteraktivnim elementim
 - Ne morate da dodajete boju svim interaktivnim elementima, jer neki već imaju vizuelne znakove koji ukazuju na to da su interaktivni

Architecture

Pošto naslov nije interaktivno uklanjamo plavu boju iz naslova kako bismo izbegli zabunu. Isto važi i za ocene koje su predstavljene zvezdicama.

Uverite se da elementi interfejsa imaju odnos kontrasta 3:1

- Kontrast je mera razlike u percipiranoj osetljivosti između dve boje. (crni tekst na crnoj pozadini - 1:1, crni tekst na beloj pozadini 21:1)
- Kako biste osigurali da ljudi sa oštećenim vidom mogu jasno da vide detalje interfejsa, kao što su polja forme i dugmad, pokušajte da ispunite zahteve da najmanji odnos kontrasta bude 3:1.

Kontrast strelice je prenizak. Dodavanje senke ikonici i preklapanje gradijenta na gornju trećinu slike daje ikonici dovoljan kontrast od 3:1, bez obzira na sliku na kojoj se nalazi.

Kontrast primarnog dugmeta je takođe bio prenizak, što može da dovede do problema da ga korisnici sa slabijim vidom ne identifikuju kao dugme, jer ne mogu da vide oblik dugmeta.

[Book now](#) \$299.00 / night

Uverite se da tekst ima odnos kontrasta 4.5:1

- Da bi se osiguralo da korisnici sa oštećenim vidom mogu jasno da čitaju tekst, on mora da ispunjava sledeće zahteve za kontrast:
 - za mali tekst ($<=18\text{px}$) potreban je minimalni kontrast od 4.5:1
 - za veliki tekst potreban je minimalni kontrast od 3:1

Tekst u elementu za brojanje fotografija nema dovoljan kontrast.
Povećanjem kontrasta, povećavanjem neprozirnosti sivog kontejnera i
dodavanjem senke teksta.

Kontrast teksta koji prikazuje lokaciju je takođe prenizak. Korišćenje tamnije nijanse sive pomaže da tekst bude pristupačniji.

Ne oslanjajate se samo na boju kao indikator

- Postoji mnogo različitih vrsta slepila za boje. Ljudi koji su slepi za boje (daltonisti) obično imaju poteškoće da razlikuju crvenu i zelenu, ali neki ne mogu da vide nijednu boju.
- Da biste bili sigurni da je interfejs dostupan daltonistima, ne možete se oslanjati samo na boju kako biste preneli značenje ili razlikovali vizuelne elemente. Neophodno je koristiti i dodatne vizuelne znakove kako biste razlikovali elemente interfejsa.

Plava boja se koriste u tekstu "reviews" kako bi se naznačilo da je to link. Ako se boja ukloni, tekst linka izgleda isto kao i drugi tekst, tako da daltonista ne može da kaže da je to link. Podvlačenja teksta linka jasno ga razlikuje od drugog teksta u odsustvu boje.

Koristite jedno pismo bez serifa

- Tip slova je skup povezanih fontova sa sličnim stilom ili estetikom.
- Fontovi su varijacije unutar slova, poput težine ili veličine.
- Najjednostavnije je koristiti jedan bezserifni font za dizajn, jer su oni generalno najčitljiviji, neutralni i jednostavni.

Mountain retreat

Mountain retreat

Naslov koristi serif koji je malo težak za čitanje i koji bi nekim korisnicima mogao da odvrati pažnju. Pojednostavljenje korišćenjem bezserifnog fonta može pomoći u poboljšavanju upotrebljivosti i estetike.

Koristiti font sa višim malim slovima

- Potražite font sa višim malim slovima i većim razmakom između slova, jer su čitljiviji pri malim veličinama.
- Visina malih slova je poznata kao x-visina.

Experience the wonders of nature as you hike through the snow-capped mountains and fish in the nearby river. This newly built cabin is perched high in the mountains with beautiful views.

Ograničiti upotrebu velikih slova

- Osim ako ne vičete na korisnike, nema mnogo valjanih razloga da koristite velika slova.
- Kada čitate, gledate u oblik reči a ne u svako slovo. Oblik vam pomaže da brže prepozname reči. Sve reči sa velikim slovima imaju isti pavougaoni oblik, pa vas primorava da čitate svako slovo jedno po jedno.

[Book now](#) \$299.00 / night

Koristite samo standardne i podebljane težine fonta

- Upotreba puno različitih težina fontova može dodati buku i nered vašem interfejsu. Takođe, otežava konzistentno korišćenje svake težine fonta.
- Sistem dizajna treba da bude jednostavan i koncizan koristeći samo regularne i podebljane fontove.
- Saveti:
 - Koristite bold težinu fonta za naslove kako biste ih naglasili
 - Koristite uobičajenu težinu fonta za drugi manji tekst
 - Ako odlučite da koristite veoma tanak ili debeo font, rezervišite ih za naslov i veći tekst, jer mogu biti teški za čitanje na manjim veličinama.

Snowy Peaks, NSW, Australia

Snowy Peaks, NSW, Australia

Tekst lokacije koristi malu težinu fonta. Iako je kontrast iznad potrebnog, tanki znakovi bi nekim korisnicima i dalje mogli biti teški za čitanje. Povećanje težine fonta na regularnu pomaže u poboljšanju čitljivosti i pojednostavljuje dizajn.

The image shows two side-by-side mobile application screens for a "Mountain retreat" listing. Both screens feature a large, blurry background image of a snow-covered mountain cabin under a cloudy sky. A navigation arrow is visible in the top-left corner of each screen, and a small circular icon with either a red 'X' or a green checkmark is positioned at the top center.

Left Screen (Incorrect Design):

- Lokacija:** Snowy Peaks, NSW, Australia (text is in a thin font, outlined by a red dashed box).
- Rating:** ★★★★★ 5.0 (38 reviews)
- Facilities:** House, 2 beds, 1 bath, 1 garage
- Description:** Experience the wonders of nature as you hike through the snow-capped mountains and fish in the nearby river. This newly built cabin is perched high in the mountains with beautiful views.
- Accommodation:** It comfortably sleeps 4 people and includes a
- Call-to-action:** Book now
- Price:** \$299.00 / night

Right Screen (Correct Design):

- Lokacija:** Snowy Peaks, NSW, Australia (text is in a bold font, enclosed in a solid green box).
- Rating:** ★★★★★ 5.0 (38 reviews)
- Facilities:** House, 2 beds, 1 bath, 1 garage
- Description:** Experience the wonders of nature as you hike through the snow-capped mountains and fish in the nearby river. This newly built cabin is perched high in the mountains with beautiful views.
- Accommodation:** It comfortably sleeps 4 people and includes a
- Call-to-action:** Book now
- Price:** \$299.00 / night

Izbegavajte čisto crni tekst

- Generalno je najbezbednije izbegavati čistu crnu, jer ima visok kontrast u odnosu na belu, što može izazvati naprezanje očiju i umor pri čitanju teksta.

Promena crne u tamno sivu pomaže da se poboljša čitljivost. Može se primetiti da je opis bio previše istaknut. Kako bi bili sigurni da su elementi interfejsa predstavljeni po važnosti, možete koristiti svetliju sivu za tekst opisa kako biste smanjili njegovu istaknutost.

Tekst levo poravnajte

- Tekst se čita s leva na desno tako da je najbolje da bude levo poravnat.
- Za dugi osnovni tekst, treba izbegavati centiran ili poravnat tekst sa obe strane.
 - Centriran tekst može da funkcioniše za naslove ili kratak tekst, jer se može brzo čitati
